SINGAPORE-HORIZON EUROPE (SG-HE) COMPLEMENTARY FUND

2026-2027 CALL FOR SUBMISSION OF PROPOSALS

Key Dates

Application Window Opens:	30 Apr 2026, 09:00 hr (SGT)
Application Window Closes:	31 Dec 2027, 16:00 hr (SGT)

1 About Horizon Europe (Pillar II)

1.1 Horizon Europe is the European Union (EU)'s key funding programme for research and innovation, with a budget of €93.5 billion for the period of 2021 to 2027.

1.2 Horizon Europe Pillar II, "Global Challenges and European Industrial Competitiveness", funds collaborative projects implemented by multi-party international consortia in six thematic clusters[1]. Each cluster has its own grant calls that define the challenges, scope, and expected outcomes for projects in the cluster.

2 About the Singapore-Horizon Europe (SG-HE) Complementary Fund

2.1 The Singapore-Horizon Europe (SG-HE) Complementary Fund is a unilateral funding arrangement by Singapore, which is administered by the National Research Foundation (NRF) of Singapore. The purpose of the fund is to support research and innovation activities conducted in Singapore by eligible Singapore entities that participate in Horizon Europe Pillar II projects in priority areas for Singapore (as set out in Para 3).

2.2 Eligible Singapore entities may apply for funding from the SG-HE Complementary Fund if they wish to receive funding support for participation in Horizon Europe Pillar II projects.

2.3 Successful applicants will receive in-principle approval from NRF for SG-HE Complementary Fund support, if the application is assessed by NRF to be supportable. This may be used as evidence of external funding, to support the participation of such applicants in proposal submissions in response to Horizon Europe Pillar II calls.

[1] The six thematic clusters under Horizon Europe Pillar II are: 'Thematic Cluster 1: Health', 'Thematic Cluster 2: Culture, Creativity and Inclusive Society', 'Thematic Cluster 3: Civil Security for Society', 'Thematic Cluster 4: Digital Industry and Space', 'Thematic Cluster 5: Climate, Energy and Mobility', 'Thematic Custer 6: Food, Bioeconomy, Natural Resources, Agriculture and Environment'.

2.4 The SG-HE Complementary Fund will be awarded to applicants, subject to (a) further terms and conditions that may be stipulated by NRF in the Letter of Award, and (b) the evaluation and successful award of the Horizon Europe Pillar II project to the proposing consortium.

3 Scope of Funding Support

3.1 Applicants may apply for SG-HE Complementary Fund support to participate in Horizon Europe Pillar II Actions (Grant Calls) launching in 2026-2027, under the following Thematic Clusters and Missions listed in Table 1.

3.2 Applications may be considered for funding if they are in areas that meet Singapore's strategic national priorities in Research, Innovation and Enterprise (RIE) and contribute to building capabilities in Singapore's RIE ecosystem. The assessment of whether applications are eligible for funding will be made by NRF.

Table 1. Horizon Europe Pillar II Thematic Clusters, Missions, and Actions (Grant Calls) within the SG-HE Complementary Fund's scope

Thematic Clusters^	Thematic Cluster 1: Health Thematic Cluster 3: Civil Security for Society* Thematic Cluster 4: Digital Industry and Space Thematic Cluster 5: Climate, Energy and Mobility Thematic Cluster 6: Food, Bioeconomy, Natural Resources, Agriculture and Environment
Missions	Adaptation to Climate Change Cancer Healthy Oceans, Seas, Coastal and Inland Waters Climate-neutral and Smart Cities Soil Health and Food
Actions (Grant Calls)	Research and Innovation Actions (RIA) Innovation Actions (IA) Coordination and Support Actions (CSA)

^Note: Thematic Cluster 2: Culture, Creativity and Inclusive Society falls outside the SG-HE Complementary Fund's scope of funding.

*Note: Thematic Cluster 3 participation is supportable, where the scope of the grant call meets Singapore's national strategic priorities. Applicants should check with NRF before submitting proposals.

3.3 The SG-HE Complementary Fund may be used to cover direct cost expenses including Employment of Manpower (EOM), Equipment (EQP), Other Operating Expenses (OOE), Overseas Travel (OT), Research Scholarships (RS) and other expenses approved by NRF.

4 Eligibility of Applicants

4.1 Singapore-based researchers from Publicly-Funded Research Institutions and Companies carrying out research and innovation activities aligned with Singapore's strategic national priorities in RIE may apply to the SG-HE Complementary Fund, subject to the fulfilment of eligibility criteria as follows.

4.2 **Publicly-Funded Research Institutions** refer to Autonomous Universities (AUs), A*STAR research institutes, CREATE entities, polytechnics, public healthcare institutions, and the research institutes affiliated to the aforementioned institutions and entities. Such institutions are eligible to participate as Host Institutions.

4.3 **Researchers** from Publicly-Funded Research Institutions must fulfil the following requirements at the point of application and throughout the project:

i. Hold a primary and/or joint appointment(s) at eligible Host Institution(s), with a minimum time commitment of 9 months (per calendar year) in Singapore; or be an international researcher with an existing residency commitment in Singapore under a CREATE project, that is supported by NRF; and

ii. Be an accomplished Principal Investigator (PI) with a track record of leadership ability in coordinating research program(s) and providing mentorship to research teams(s), as well as having productive research outcomes.

iii. Researchers are expected to have a reasonable time commitment to the project, commensurate to the proposed task(s) to be undertaken as a partner in the Horizon Europe project.

4.4 **Companies** must partner with a Publicly-Funded Research Institution in Singapore which will serve as the Host Institution, and must fulfil the following requirements:

i. Be legally registered with the Accounting and Corporate Regulatory Authority (ACRA) and operate in Singapore, as verified through the ACRA Bizfile and supporting documents (e.g. Inland Revenue Authority of Singapore (IRAS) tax filing acknowledgements) to be submitted at the point of application.

ii. Have a compliant board structure, key personnel appointments as follows, and ongoing statutory filings, as verified through ACRA records and supporting documents, to be submitted at the point of application.

a) At least one director must be "ordinarily resident" in Singapore (citizen, permanent resident, or certain work pass holders with the required consent). Each director must be at least 18 years of age,

of full legal capacity, and not disqualified (e.g. undischarged bankrupt).

b) Companies must appoint a company secretary within six months from the date of incorporation. The secretary must be resident in Singapore. The sole director of a company and the company secretary cannot be the same person.

c) For companies nominating a PI, company directors/key officers (CEO/CTO) must endorse the PI.

iii. Have at least 30% local equity held directly or indirectly by Singaporean(s) and/or Singapore PR(s), determined by ultimate individual ownership, as verified through supporting documents, to be submitted at the point of application.

iv. Be financially capable to start and complete the proposed project, as verified through audited financial statements or certified management accounts for the last financial year, to be submitted at the point of application.

5 Eligibility of Applicants for Funding Support

5.1 Researchers from Publicly-Funded Research Institutions will be eligible to receive 100% in direct cost support, and indirect cost support at 25% of direct costs.

5.2 Companies will be eligible to receive 50% in direct cost support if they are small or medium enterprises (SMEs)[2], and 30% direct cost support if they are larger than SMEs. Companies will not be eligible to receive indirect cost support.

5.3 Funds will be disbursed from the SG-HE Complementary Fund on a quarterly reimbursement basis to the Host Institution of successful applicants. The Host Institution will be responsible for the collation of expenses and further disbursement of funds, as well as the management of the awarded project.

6 Application Process

6.1 Singapore entities intending to apply to a Horizon Europe Pillar II grant call will need to join a consortium formed by entities from EU Member States / Associated Countries to Horizon Europe, in order to jointly submit a proposal to the Horizon Europe Pillar II grant call.

[2] Small or medium enterprises (SMEs) are those with group annual sales turnover not exceeding S$100 million, or a group employment base of no more than 200 employees.

6.2 A Horizon Europe consortium minimally includes the following, and Singapore entities may join a Horizon Europe consortium, once it has met these minimum requirements:

i. The consortium must include at least three independent legal entities, from three different countries.

ii. At least one legal entity must be from an EU Member State.

iii. The remaining two legal entities may be from either EU Member States or Associated Countries to Horizon Europe.

6.3 Singapore entities that join a Horizon Europe consortium will typically do so as partners, which cannot initiate or coordinate projects, but can implement specific tasks in a Horizon Europe Pillar II project. Singapore entities will typically not be allowed to receive EU funding, unless explicitly allowed by the Horizon Europe Pillar II grant, and participate while being self-funded/funded by other sources.

6.4 Eligible Singapore entities have the option to apply to the SG-HE Complementary Fund, to receive funding from NRF to support their participation in a Horizon Europe Pillar II project. It is not mandatory for Singapore entities participating in Horizon Europe Pillar II project(s) to be supported by the SG-HE Complementary Fund.

6.5 Applications for the SG-HE Complementary Fund are to be submitted via the Research Grants Portal (RGP) as described in Para 9. Singapore entities may submit applications to the SG-HE Complementary Fund either before or after their Horizon Europe consortium has submitted a proposal to a Horizon Europe Pillar II grant call.

6.6 Applicants will be required to fill in and submit the SG-HE Complementary Fund Application Form and additionally submit a draft or copy of the proposal to be submitted to the Horizon Europe Pillar II grant call.

6.7 *Please note that Horizon Europe Pillar II grant calls are separate processes from the SG-HE Complementary Fund application. Please refer to the application details for respective Horizon Europe Pillar II grant calls published on the EU Funding and Tenders Portal.*

7 Application Evaluation

7.1 NRF will assess each SG-HE Complementary Fund application, based on (i) the eligibility of the applicants; and (ii) alignment of the proposal with national strategic priorities in Research, Innovation and Enterprise (RIE), and contribution to building capabilities in the RIE ecosystem.

7.2 Successful applicants will receive a document conveying NRF's in-principle approval of funding support. This document may be used as evidence of

external funding, to support the participation of the applicants in the Horizon Europe Pillar II project.

8 Award

8.1 NRF will provide the SG-HE Complementary funding support to Singapore applicants, conditional upon the evaluation and successful award of the Horizon Europe Pillar II proposal to the proposing consortium.

8.2 Singapore applicants will be required to provide a copy of the i) Final Version of the Horizon Europe Proposal, ii) Evaluation Summary Report, and iii) Signed Consortium Agreement to NRF for verification.

8.3 NRF will communicate with Singapore applicants to moderate the proposed budget, prior to issuing a Letter of Award for the SG-HE Complementary Fund to the applicants' Host Institution.

9 Submission of Application

9.1 Interested applicants for the SG-HE Complementary Fund are to apply via the Research Grants Portal (RGP) (URL: Research Grants Portal), within the application window.

9.2 All applications must be submitted by a Lead PI from a Publicly-Funded Research Institution, and be endorsed by the Host Institution's Director of Research (DOR) via RGP within the application window. Applicants are encouraged to submit the complete application early, in order to allow the DOR to endorse the proposal on RGP in a timely manner.

9.3 The Lead PI is required to have a registered RGP account as an ApplyGov User to submit the application on RGP. Each Team PI is also required to have a registered RGP account as an ApplyGov User, to be added as a team member in the application. For new applicants without an RGP account, please refer to the User Guide, FAQs and Demonstration Videos for more information on how to onboard RGP and submit applications (URL: RGP Resources | Optical).

9.4 Please note that the online RGP application form will require each Lead PI / Team PI to have an authorised ORCID ID on their RGP User Profile Page, to create an application as a Lead PI or be listed in an application as a Team PI.

9.5 Company applicants are not required to have a registered RGP account or ORCID ID. They should be added as "Collaborators" in the online RGP application form, but can be reflected as "Team PIs" in the cover sheet of the SG-HE Complementary Fund application document that is to be uploaded to the online RGP application form.

9.6 Applicants must complete the online RGP application form and upload the following attachments on the online RGP application form **using the file formats and filenames as listed in blue**:

Table 2. Supporting Documents for Application

Document(s)	Requirement for Submission	Format of File	Format of Filename
SG-HE Complementary Fund Application Form	Mandatory	PDF	01 SG-HE Application Form *<Input Lead PI Name>*
Draft or Copy of Proposal to be Submitted to Horizon Europe Pillar II Grant Call	Mandatory	PDF	02 SG-HE Horizon Europe Proposal <Input Lead PI Name>
Consolidated CVs of all Singapore-based Applicants	Mandatory	PDF	03 SG-HE Consolidated CVs *<Input Lead PI Name>*
Proposed Budget for SG-HE Complementary Fund Application	Mandatory	Excel	04 SG-HE Proposed Budget *<Input Lead PI Name>*
Consolidated Supporting Documents (e.g. Annexes to Proposal, Letters of Support, Supporting Documents for Eligibility of Company Applicants)	If applicable	PDF	05 SG-HE Supporting Documents *<Input Lead PI Name>*

10 Application Form Sections

Section I: Application Cover Page

10.1 Applicants are to fill in all fields on the cover page, including the Horizon Europe Proposal Title, Horizon Europe Thematic Cluster or Mission, and Horizon Europe Action/Grant Call they intend to participate in.

10.2 Applicants are to indicate the proposed budget for the SG-HE Complementary Fund application, the proposed duration of the Horizon Europe project, and the Host Institution for the SG-HE Complementary Fund Application.

10.3 Applicants are to fill in the Role, Name, Designation, Department/Institution, percentage effort within project, and percentage time commitment on the

project for only the Singapore applicants for the SG-HE Complementary Fund. Applicants are not required to fill in this information for other members of their Horizon Europe consortium.

10.4 Applicants are to fill in the Name and Institution of the Project Coordinator in their Horizon Europe project consortium (this is the main applicant who will submit the proposal to the Horizon Europe Pillar II grant call on behalf of the consortium).

10.5 Applicants are to indicate the current status of the Horizon Europe Pillar II proposal at the point of submitting the SG-HE Complementary Fund application (e.g. Draft/Pending Submission, Submitted, Evaluation Completed for Stage 1/Stage 2, Awarded to Consortium).

Section II: Application Details

10.6 Applicants are required to provide an Abstract for the Horizon Europe Pillar II proposal (no more than 5,000 characters, including spaces).

10.7 Applicants are required to describe the specific tasks to be implemented by Singapore entities in the Horizon Europe Pillar II project, the proposed deliverables, and timeline for accomplishing the tasks (no more than 10,000 characters, including spaces). A Gantt Chart or additional figures may be included in the Consolidated Supporting Documents.

10.8 Applicants are to describe how the proposed research/activities of the Singapore entities in the Horizon Europe Pillar II project align with Singapore's national strategic priorities in RIE, and contribute to building capabilities in Singapore's RIE ecosystem (no more than 5,000 characters, including spaces).

Section III: Other Funding Support

10.9 Applicants are to provide details for all grants currently held or being applied to by the Lead PI and Team PIs listed on the cover page.

10.10 If any of the currently held grants fund research topics related to the SG-HE Complementary Fund application, applicants are to include a one-page supplementary write-up for each grant in the consolidated supporting documents. The one-page supplementary write-up is to describe the research funded by these grants, and how the objective and research differ from that in the SG-HE Complementary Fund application.

10.11 Applicants are to provide details on funding or other resources to be provided by any participating companies/industry/institute partner(s) for the applied grant.

Section IV: Declaration

10.12 Lead PI and Team PI applicants are required to sign off on the declaration in this section.

11 Draft/Copy of Proposal to be Submitted to Horizon Europe Pillar II

11.1 The proposal to be submitted to the Horizon Europe Pillar II grant call should include necessary details on the specific tasks to be implemented by Singapore entities in the Horizon Europe project.

11.2 A sufficient level of detail should be provided in the proposal to allow the European Commission/Horizon Europe to assess the scientific merit of the proposal, and for NRF to assess whether the proposed research/activity is supportable under the SG-HE Complementary Fund.

12 Consolidated CVs of Singapore Based Applicants

12.1 Applicants must provide a single file which includes the CVs of all the team members (Lead PI, Team PI(s) and Collaborator(s)). Please use the format in Appendix A and name the file using the filename provided in Table 2 (in **blue**). *Note: Please do not add any underscores to the filenames.*

13 Proposed Budget for SG-HE Complementary Fund Application

13.1 Applicants are to fill in the proposed budget line items requested by Researchers from Publicly-Funded Research Institutions and Companies (if applicable), in the respectively labelled sheets in the SG-HE Complementary Fund Detailed Budget Template. *Please note that budget line items requested by Companies should factor in the percentage of direct cost support they would be eligible to receive under the SG-HE Complementary Fund, as stated in Para 5.2 (i.e. 50% for SMEs, 30% for companies larger than SMEs).*

13.2 Budget line items are to be indicated within the applicable budget categories: (i) Expenditure of manpower (EOM); (ii) Other operating expenses (OOE); (iii) Equipment (EQP); (iv) Overseas travel (OT); and (v) Research scholarships (RS). *Please note that direct cost items (except for Research scholarships) are eligible to attract indirect costs. Indirect costs cannot be disbursed to Companies, who are not eligible to receive indirect costs under the SG-HE Complementary Fund.*

13.3 Applicants should provide the general cost per budget vote, as directed in the form. This overall budget vote costs should reflect a realistic estimation of the project needs and be fully justified under the provided fields. The total budget requested will be computed automatically upon filling in the respective budget vote costs. The team may also refer to the Budget Checklist and Non-fundable Direct Costs list in Appendix B for a guide on budgeting.

13.4 The proposed budget should be prepared according to the Host Institution's guidelines, which should not deviate from the institution's human resources (HR) policies and financial guidelines. NRF reserves the right to adjust the budget after the project is recommended for funding.

13.5 The proposed budget should realistically reflect what is required to execute the scope of work that is proposed. Where possible, existing equipment and facilities should be utilised. Compelling justifications should be provided otherwise. For Overseas Travel, PIs are advised to provide realistic budgets and compelling justifications as to why it is required for the project.

14 Completeness Check

14.1 The Lead PI's Host Institution's Office of Research should perform a completeness check when verifying the submission on RGP. Please refer to Appendix C for a non-exhaustive guiding checklist for completeness check. NRF will perform basic level of completeness checks on eligibility and will not be liable for incomplete submissions. NRF reserves the right to reject proposals without further review for, including but not limited to, the following reasons:

- Incomplete applications (e.g. sections left blank, missing CVs, etc.)
- Late submission or endorsement on RGP by the respective Director of Research
- Ineligibility of Lead PI and/or Team PI(s)
- Single investigator-led proposals

15 Contact Information

15.1 For further enquiries related to the SG-HE Complementary Fund, please contact the National Contact Point (NCP) secretariat at NCP@nrf.gov.sg.

15.2 For technical enquiries related to RGP, please refer to the RGP Helpdesk (Research Grants Portal (RGP) Helpdesk – Government Technology Agency of Singapore | GovTech).

APPENDIX A

FORMAT OF CURRICULUM VITAE

For Lead PI, Team PI(s) and Collaborator(s): Please upload a single file containing all the CVs of the Team Members, to the 'Proposal, Outcomes and Key Deliverables' section of the RGP application.

The CVs of all members (**Lead PI, all Team PIs and Collaborators**) listed on the cover page must be provided. **Each CV must start on a fresh page and be limited to 1 page (Arial font size 12, single line spacing)**. Please indicate "N.A." beside the label field if the required information is not applicable and note that NRF will not be responsible for any missing information not provided in the CVs. Please note to only provide information listed below. Do not include any additional fields or extraneous information.

- Name
- Title
- Office mailing address
- Email
- Contact number
- Current position (please provide full details, e.g. primary appointment, join appointments; other academic appointments including those outside of Singapore).
- Percentage of time spent in Singapore every year for the current position **(mandatory field for Lead PI and Team PI(s))**
- Link to research webpage (please ensure that the link provided is valid)
- List of **up to 5 (maximum)** most relevant publications (including 'in-press' publications, regardless of acceptance/published date of the publications)
- Patents held (related or unrelated to the study), and/or Scientific Awards, if any

APPENDIX B

CHECKLIST FOR PREPARATION OF A RESEARCH BUDGET

Before you Begin

1. Review the instructions and guidelines to ensure that the proposed items are eligible and in concordance to your Host Institution's policies.

2. When in doubt, always seek assistance from your Office of Research or NRF before you begin.

Preparing the Budget

3. Be realistic and do not over-inflate the budget. Budget should be reasonable and appropriate for the proposed research plan. For multi-year projects, consider time constraints and get advice on whether you will be able to spend the proposed budget within the duration of the project.

4. Be detailed and specific. List all items on a separate worksheet that clearly shows the calculations and keep this detailed list to remind yourself how the numbers were derived. This will be useful during the budget scrubbing stage (upon awarding) and for future monitoring and reporting.

5. Anticipate reviewers' views and plan ahead to ensure that detailed description and justification on the need of all items listed in the budget are written clearly.

6. Direct costs refer to costs which can be directly attributed to the project. Indirect costs are Institution overhead costs that benefit and support research.

7. Please use the checklist below to assist you with preparation of the research budget.

I. Budget Preparation Checklist

S/N	Item	Description	
1.	Manpower Cost (EOM)	Are the positions of all individuals working on this project listed?	☐
2.		Is the proposed manpower headcount sufficient and reasonable to meet the project objectives and deliverables?	☐
3.		Is the EOM per pax in agreement with the salary package stipulated by your Host Institution's HR policy?	☐
4.		Have you budgeted the EOM according to the man-months required of each manpower headcount within the project duration?	☐
5.		Have you sufficiently justified the role for each manpower headcount and the need to recruit him/her to meet the project objectives?	☐
6.	Equipment	Have you explored alternative sources for using existing equipment without the need to purchase new equipment?	☐
7.		Can you use the equipment in shared facilities and utilise CRP fund to pay for service fees instead?	☐
8.		Do you have sufficient space for the new equipment? What is the usage frequency of the new equipment? Does the equipment require high maintenance cost?	☐
9.		Have you factored in taxes, exchange rate (if applicable) and freight charges (if applicable) for the proposed equipment item?	☐
10.	Consumables Costs (OOE)	Have you listed all the supplies and materials required?	☐
11.	Research Scholarship	Are the tuition fees and stipend rates budgeted according to the MOE prevailing rates?	☐
12.	Overall Budget	Does the amount of all line items of each vote tally?	☐
13.		Does the total amount of all votes tally with the final proposed budget?	☐

II. Non-Fundable Direct Costs

Types of Expenses	Description
Salaries of Lead PI / Investigators / Project Leads	Not allowable, to ensure no double funding of salaries and related costs, as the salaries are already supported through other sources (e.g. faculty salaries are supported separately by the IHLs as it is in support of the IHLs' core mission).
Salaries of Teaching staff / Teaching substitutes	Not allowable, as this is being supported through capitation grants.
Undergraduate tuition support	Not allowable, as this should be supported under the respective scholarship grants and bursary schemes.
Salaries of general administrative staff	Not allowable, as this is an indirect cost*.
Costs related to general administration and management	Not allowable, as this is an indirect cost*. This includes common office equipment, such as furniture and fittings, office software, photocopiers, scanners and office supplies.
Costs of office or laboratory space	Not allowable, as this is an indirect cost*. This includes renovation/outfitting costs, rent, depreciation of buildings and equipment, and related expenditures such as water, electricity, general waste disposal and building/facilities maintenance charges.
Personal productivity tools & communication expenses	Not allowable, unless the use of mobile phones and other form of smart devices were indicated in the methodology for the Research. Any other cost under this expense type is an indirect cost*.
Entertainment	Not allowable, as this is an indirect cost*.
Refreshment	Not allowable, unless this is related to a hosted conference or workshop for the Research. All other cost under this expense type is an indirect cost*.
Audit fees (Internal and external audit) and Legal fees Fines and Penalties Professional Membership Fees Staff retreat and team-building activities	Not allowable, as this is an indirect cost*.
Patent Application	Not allowable, as this should be supported from overheads given to I&E Office (IEO)*. This includes patent application filing, maintenance and other related costs.

**Note: Indirect costs should be funded from overheads or other funding sources.*

APPENDIX C

GUIDING CHECKLIST FOR COMPLETENESS CHECKS

This is a non-exhaustive list for PIs to take reference to ensure completeness of the submissions, and for the Office of Research to take reference when verifying the submissions.

S/N	Document	Section	Item to Check
1	Consolidated CVs	Application Details / Local Team Composition	• All CVs of Team Members should be combined into a single file. • CVs should include the Lead PI, Team PI(s) and Collaborator(s). • Indicate % time spent in Singapore (mandatory for Lead and Team PI(s)). • A maximum of 5 publications are listed. • The CV should follow the requested format and extra sections / information should be removed. • The CV of each team member does not exceed 1 page. • Link to the PI's research webpage should be valid. • File names are correctly formatted
2	SG-HE Complementary Fund Application Form	Supporting Documents	• To check if this document is uploaded.
3	Draft or Copy of Proposal to be Submitted to Horizon Europe Pillar II Grant Call	Supporting Documents	• To check if this document is uploaded.
4	Proposed Budget for SG-HE Complementary Fund Application	Supporting Documents	• To check if this document is uploaded.
5	Consolidated Supporting Documents	Supporting Documents	• Optional, to check if uploaded.
